

MARK VUONG

CO-FOUNDER / PRINCIPAL

Mark brings over 19 years of commercial real estate and asset management experience in mixed-use, multifamily, office, industrial, and retail development. A commercial real estate developer who came to Hugh Development with a long and successful track record as a contractor/builder and construction manager, Mark oversees and manages our projects from early acquisition through construction and completion. For the Dayton Development project, Mark will be responsible for concept development, site planning, project management, and construction management.

Mark has planned and orchestrated multiple mixed-use, multi-family, townhomes, condominiums, and commercial development projects totaling more than \$350 million in assets. His projects have produced numerous successful business and community partnerships in Portland, the San Francisco Bay Area, Central California, Sacramento, Colorado Springs, and Las Vegas. Mark is passionate about the creative process and the fine details that give each project its own individuality and “soul”—and he is dedicated to creating unique, enduring buildings for tenants and communities to enjoy for decades to come.
